Assets Reliability and Integrity

JUBCOR 2019 is a annual conference which is organized by NACE Jubail. It has become a focal point for industrial experts, academics, contractors/service providers. It is way to bring all interested parties to be available at one time to discuss the relevant issues facing industry and the community.

In this announcement, we are officially announcing our next conference and we look forward to your participation in the form of Sponsorship and presentation of technical papers.
