VpCI Technology for Corrosion Protection of Assets in Petrochemical facilities

Registration 08:00 am

PRESENTATIONS

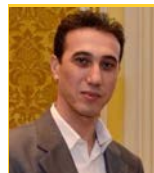

01 08:30 to 08:45 am

NACE Introduction

Dr. Fahad Al-Mutlaq (NACE - J Chairman)

02 08:45 to 09:30 am

Mitigating Soil-Side Corrosion on Aboveground Storage Tank Bottoms Using CorroLogic Technology

Mr Abdullatif Balwi

03 09:30 to 09:45 am

Internal protection of aboveground storage tanks using VpCI technology

Mr Khalil Abed

09:45 to 10:00 am

BREAK

04 10:00 to 10:30 am

Operational Spares Preservation

Mr Khalil Abed

05 10:30 to 11:00 am

Mitigating Corrosion in Cased Pipeline Crossings Using CorroLogic Technology

Mr Abdullatif Balwi

11:00 to 11:45 am

Demo test of VpCI effectiveness on steel wool immersed in water, Discussion, Q & A.

11:45 am

Lunch
